

GRIP KILLS. ARMY BILL DEBATE

On the Weak, Worn-out and Infirm it Lays a Fatal Hand.

Terrible Epidemic Cutting a Wide Swath. Enormous Increase of Death Rate in Many Localities. Seventy out of Every One Hundred Deaths Due to the Grip.

La Grippe is a fatal disease. It has taken front rank before the dreaded small-pox, scarlet fever, diphtheria, etc., in that its number of victims and fatalities are treble those from these diseases. Every man, woman and child is exposed to its awful ravages. The atmosphere everywhere is thoroughly impregnated with the grip germ. It strikes straight to the very roots of life—the nerves. It shatters and tears asunder the foundation upon which life exists—and cuts off the vital thread in a remarkably short space of time.

To ward off La Grippe, or to fight it during an attack, Dr. Miles' Restorative Nervine is the proper remedy. It quickly eradicates all germs and overcomes the depressing after effects; quiets and soothes the nerves, invigorates the appetite; creates new life and vigor, and restores health.

Mr. Richard T. Green, Galesburg, Penn., writes: "La Grippe laid its powerful grasp upon me about four years ago, and for some time I thought it would prove fatal. My nervous system was reduced to its lowest ebb, and my heart caused me considerable pain. I had seen Dr. Miles' Nervine and New Heart Cure advertised and knew that they had worked some wonderful cures, so I sent for a bottle of each remedy. My nervousness was checked by the very first dose, and in a few days I was able to sleep all right. Since then my life has been a joyful existence, due to the remarkable curative qualities of Dr. Miles' Remedies."

All druggists are authorized to sell Dr. Miles' Nervine on a guarantee that first bottle benefits or money refunded. Be sure you get Dr. Miles' Remedies. Take nothing else. Write us about your troubles and ailments and we will give you the honest advice of a trained specialist absolutely free. Book on heart and nerves sent free.

Hull-Hawley Measure Under Consideration in the Senate.

COCKRELL AND PROCTOR

Missouri Senator Declares the Pending Bill Cannot Become a Law This Session—Democrats Willing to Extend Present Law Two Years—Vermont Statesman Opposes Hull Bill.

Washington, Feb. 22.—Formal discussion of the Hull-Hawley army reorganization bill was begun in the senate yesterday afternoon. Mr. Hawley and Mr. Warren, Republicans, supported the measure and Mr. Mitchell and Mr. Cockrell, Democrats, opposed it, while Mr. Proctor, Republican, addressed the senate in favor of some amendments which he had proposed to the bill. All the speakers are members of the committee on military affairs. Mr. Cockrell's speech, though brief, was particularly notable, as he spoke definitely for the opposition to the army bill. He declared practically in so many words that the Hull-Hawley bill could not become a law at this session. He and those who stood with him were willing to give the president all the money and every man he desired, but they were determined that no great standing army should be fastened upon the country without full and free discussion.

Mr. Proctor (Vt.) was about to proceed when Mr. Cockrell suggested the absence of a quorum, thus giving notice to the Republicans that if they would do business on the army bill they must keep a sufficient number of members in their seats for this purpose. Mr. Proctor, a member of the military affairs committee, offered his amendments proposed Monday. He said that if the present bill became a law no proper reorganization of the army could be expected for 25 years. Under the present system there was a constant scramble to get out of the fighting branch of the service and into the staff, a scramble which he said was unseemly.

Something Must Be Done. Mr. Hawley, speaking in favor of the bill, was given very close attention. He said he did not see how any body could have voted against taking up the bill, for it was evident to all that something must be done to strengthen the president's arm. He thought there could be no doubt that the Spanish cortes would ratify the peace treaty within the next two or three days. With this proceeding concluded and the exchange completed, the army necessarily must be reduced to its original dimension of 27,000 unless some law should be enacted.

Even Mr. Cockrell was willing to concede a large army. For this country should be duly thankful, but for himself he could not sanction the proposition to create large forces of native troops, as proposed by the Cockrell bill. He contended that the Filipinos were a revolutionary people, and prophesied that a native force would join Aguinaldo within 48 hours after his organization. Hence he predicted a grand and calamitous failure of such an experiment.

Mr. Hawley wanted an army of Americans entirely. The president could be trusted. The responsibilities are ours and we should accept them before God and the world.

Discussing Mr. Hawley's contention that the additional men provided for in the measure he had reported were necessary, Mr. Cockrell said: "We will give you every man and every officer that is necessary, but we are not willing at this short session to fasten upon the country a standing army of 100,000 men and to increase the expenses of the people by millions of dollars. We are offering everything that is fair and just and right. We have no disposition or

What mother does not wish to be proud of her children? What mother does not want them to be healthy, happy, laughing and able to withstand the ordinary illnesses of childhood? Any woman may insure the health of her children who will take proper care of her health in a womanly way. The health of her children depends almost entirely upon her general health, and particularly upon the health and strength of the delicate and important organs that bear the burdens of maternity. A woman has no right to disregard her own health, comfort, ease and happiness, she certainly has less right to condemn her children to a life of suffering or an early death. That is what she does if she neglects the health of her special womanly organism. Dr. Pierce's Favorite Prescription is an unfailing remedy for all disorders of this description. It strengthens and invigorates the sensitive organs concerned, and is the best preparation for the trials and dangers of maternity. It is the well being of the mother and the health of the child. It is a guarantee of a bountiful supply of nourishment for the little new-comer. Many women who once bore children only to speedily lose them, are now mothers of healthy, robust children as the result of the use of this medicine.

Barbra A. Mudd, of Indian Creek, Mo., writes: "I am very thankful for what Dr. Pierce's Favorite Prescription did for me. I was all broken down from nervous prostration, but since taking your medicine I have had more relief than from all the doctors. Your 'Favorite Prescription' did me a world of good."

Many women have told their experiences, and given their names, addresses and photographs in Dr. Pierce's Common Sense Medical Adviser. This book is free. A copy will be sent to any address upon receipt of 21 one-cent stamps to cover cost of mailing only. Address Dr. R. V. Pierce, Buffalo, N. Y. The "Favorite Prescription" is for sale by all dealers and no honest man will urge a substitute.

intention to force an extra session of congress, and we say to you that every bill that legitimately and of right ought to be a law can be passed at this session. We will give you every man you need by the extension of the present law for two years. That will meet every emergency likely to arise, and in the next congress we can discuss fully and considerately a measure for the proper reorganization of the army."

The house had under consideration most of yesterday the naval appropriation bill. When adjournment was had the last page of the bill had been reached.

COURT OF INQUIRY

Witnesses Generally Testify Against Canned Beef.

Washington, Feb. 22.—The court of inquiry engaged in investigating the beef charges preferred by General Miles continued yesterday the hearing of testimony bearing upon the controversy. A number of army officers who participated in the Santiago campaign were heard. Practically without exception the officers condemned the canned roast beef furnished as a travel ration and reviewed complaints about it which the men very generally made, declaring it unpalatable and wanting in nutriment.

On the other hand, the refrigerated beef suffered but little at the hands of witnesses, it being generally conceded that it was good when delivered from the transports and when it escaped the decomposing effect of the tropical sun enroute to the several commands it was found to be satisfactory. General commissary methods in Cuba were inquired into. Difficulty in preventing taint before cooking was experienced generally. There was very little in the evidence pointing to any use of chemicals upon this beef.

The contention of General Miles, that the army in Cuba and Porto Rico should have been supplied with herds of cattle, or beef on the hoof, instead of refrigerated beef, was supported by every witness who yesterday gave his opinion upon this question.

A feature of the examinations was the general assertion of witnesses that they would not have felt it their duty to the men or the army organization to have made any special report upon the beef had it not been for the special orders calling for such reports, but rather would have permitted the unsatisfactory ration to pass without further notice as an incident to warfare and to the peculiarly trying conditions with which the army was confronted at the outbreak of the war. A number of officers testified to the belief that a very small proportion of sickness in Cuba was due to the beef or unwholesome rations, but rather to the climate. The examination of witnesses will continue today and perhaps all of this week in Washington.

UNPRECEDENTED RECORD

War Passed Without the Execution of a Single Soldier.

Washington, Feb. 22.—In reaching the decision to recommend a long term of imprisonment in the case of a private in an Alabama regiment who had killed a man in an affray, Judge Advocate Lieber has completed a remarkable record, disposing of the last of the capital cases that had come before his department for review without in any single case imposing the death penalty. Thus the war has passed without the execution of a single soldier on account of military crimes. This is believed to be without a parallel in history. There were crimes committed, but they lacked malice or premeditation, and there were no desertions because of cowardice or treachery.

Beresford in Washington.

Washington, Feb. 22.—Lord Beresford with his secretary and valet reached Washington yesterday forenoon and will remain here until tomorrow. He sails from New York on Saturday for the Campania for England. He says he is delighted with his reception throughout the country. Secretary Hay last evening, entertained at dinner Lord Beresford, inviting to meet that officer a number of persons in official life.

Forest Reserves.

Washington, Feb. 22.—The president has issued proclamations setting aside the following as forest reserves: The Teabuco canyon forest reserve in California, 109,920 acres; the Fish lake forest reserve in Utah, 67,840 acres, and the Gallatin forest reserve in Montana, 40,330 acres.

Godfrey Hunter.

Washington, Feb. 22.—Hon. Godfrey Hunter of Kentucky, minister of the United States to Guatemala and Honduras, has arrived in Washington.

SIR CHARLES TUPPER

Failure of the Joint Commission to Reach an Agreement.

Toronto, Ont., Feb. 22.—Sir Charles Tupper, leader of the Conservative party, who arrived here yesterday, in speaking of the failure of the joint high commission to reach an agreement, said: "No surprise will be felt at the failure of the present negotiations by any person in Canada who was aware that the government had exhibited not only complete incapacity to deal with the question, but that they had a record in the past as to render it vain to hope for them to get any favorable consideration from the United States."

Allen Street Railway Law.

Springfield, Ill., Feb. 22.—The Allen street railway law, providing for long franchises, which has been bitterly fought in the legislature, was practically repealed yesterday, so far as the house is concerned. The house substituted for the senatorial street railway bill the Allen version of the "horse and dummy" act, with a provision which repeals the Allen law and with an emergency clause attached.

EXTERMINATION WAR

Order Issued by a High Officer of the Insurgent Government.

CABLED BY GENERAL OTIS

To the War Department—None but Philippine Families to Be Respected—Prisoners to Be Liberated and Armed to Fight Americans and No Quarters to Be Shown.

Washington, Feb. 22.—The following dispatch was received last night from General Otis:

MANILA, Feb. 21. "Adjutant General, Washington: 'Following issued by an important officer of insurgent government at Malolos, Feb. 15, 1899, for execution during that evening and night in this city: 'OTIS.'"

"1. You will so dispose that at 8 o'clock at night the individuals of the territorial militia at your order will be found united in all of the streets of San Pedro, armed with their balos and revolvers, or guns and ammunition if convenient.

"2. Philippine families only will be respected. They should not be molested, but all other individuals, of whatever race they may be, will be exterminated without any compassion after the extermination of the army of occupation.

"3. The defenders of the Philippines in your command will attack the guard at Bilbid and liberate the prisoners and 'presidarios' and having accomplished this they will be armed, saying to them: 'Brothers, we must avenge ourselves on the Americans and exterminate them that we may take our revenge for the infamy and treachery which they have committed upon us; have no compassion upon them; attack with vigor. All Filipinos enmasse will second you—long live Filipinos' independence.'

THAWING OUT PIPES

New Use for Electricity Discovered by Professor Wood.

Chicago, Feb. 22.—J. C. Barclay, electrician of the Western Union Telegraph company, was shown a story from Madison, Wis., stating that Professor R. W. Wood of the University of Wisconsin had successfully thawed out frozen water pipes in houses by means of electricity.

Mr. Barclay, after reading the details, said: "The advantage of using electricity instead of heat created by fire or steam for thawing out frozen waterpipes is that it would be possible to pass a current of electricity through the pipe, thus heating the entire pipe, whereas with fire or steam only that portion of the pipe could be heated which is brought into direct contact with the fire or steam. The amount of heat generated by electricity could be regulated by means of a transformer. Of course, there could be more or less danger in the process, and the work could be undertaken only by experienced electricians."

"5. The order which will be followed in the attack will be as follows: 'The sharpshooters of Tondo and Santa Ana will begin the attack from without and these shots will be the signal for the militia of Trozo Binondo, Quiato and Sampaloo to go out into the street and do their duty; those of Pake, Ermita and Malate, Santa Cruz and San Miguel will not start out until 12 o'clock unless they see that their companions need assistance.'

"6. The militia of Tondo will start out at 8 o'clock in the morning; if all do their duty our revenge will be complete. Brothers, Europe contemplates us; we know how to die as men, shedding our blood in defense of the liberty of our country; death to the tyrants.

"War without quarter to the false Americans who have deceived us. 'Either independence or death.'

ARMS FOR FILIPINOS.

Charged That the First Shipment Was Made by the American Government.

Hong-Kong, Feb. 22.—The following statement has been issued by the Filipino junta here: "Information which has leaked through the Pinkertons, sent by President McKinley to investigate the shipment of arms to the Filipinos, shows that the first shipments to Aguinaldo were made by order of the American government through Consul Wildman, hence the shipment per the Wing Fo. The American government subsequently telegraphed to cease this, coincident with the change of policy to annexation. Mr. Wildman and Admiral Dewey promised to pay, but have not yet paid for a subsequent expedition by the Abbey, authorized by Admiral Dewey, who afterward seized the steamer and she is still held. Papers respecting this are now in the possession of the secretary of the navy. The protestations of Admiral Dewey and other Americans that they made no promises are ridiculous. In view of these facts, let the American people judge how the nation's word and honor was pledged to the Filipinos and confided in by them and violated by the recent treachery of General Otis."

Able to Bear a \$25,000,000 Debt.

Havana, Feb. 22.—The work on the city finances in which Mr. Haskins, the expert accountant, has been engaged, is drawing to a close. He will report to General Ludlow, governor of the department of Havana, that the city is able to bear a \$25,000,000 debt. The present 6 per cent obligation amounting to \$12,500,000 will be refunded and the remainder of the new bond issue will be used for improvements. If the existing debt alone was refunded, Mr. Haskins thinks it could be done at 4 per cent, and the total issue of \$25,000,000 would be favorably received in New York at 5 per cent. There are no legal obstacles in the way of an immediate refunding, provided the city council wishes to do so.

He was 68 years old. Because of his lovable character he was known all over the state as "Father" Rettig.

Claim She Was Cured by Faith.

Sodom, Ind., Feb. 22.—Mrs. Fannie Soden of this place, who has been confined to her bed for more than 20 years, the result of rheumatism, has suddenly appeared among her friends, able to walk, but with a slight limp. She claims to have been restored by faith cure.

CITED FOR CONTEMPT

Newspaper Man in Trouble on Account of Standard Oil Suits.

Columbus, Feb. 22.—During the taking of testimony before a notary yesterday in the suits against the Standard Oil company and Buckeye Pipe Line company, Malcom Jennings, a well known newspaper man, was cited for contempt in refusing to give a list of newspapers with whom it was alleged Jennings had, as the head of a news bureau, made contracts to publish matter favorable only to the Standard Oil company's interests. The attorneys for the Standard Oil company protested that such testimony could only be taken by the master commissioner appointed by the supreme court. A writ of habeas corpus was immediately applied for in behalf of Jennings to prevent his incarceration in jail. As a majority of the common pleas judges could not be found, the court decided the writ could be presented Thursday, and in the meantime Jennings was allowed to go at liberty. Jennings is also secretary of the state sinking fund commission.

SPANISH CORTES

Senior Canalejas Predicts That the Government Will Fall Shortly. Madrid, Feb. 22.—In the chamber of deputies yesterday the opposition continued to bait the government, Senior Canalejas put a long string of questions to the minister of finance, Senior Puigcerver, who declined to reveal the contents of the projected bills. The minister, however, said he hoped in due time to introduce measures to settle the arrears of pay of the soldiers returned from Cuba and to deal with the payment of the Cuban and Philippine debts.

Senior Canalejas then proceeded to censure the government castically, attributing its "Careless glibness of explanation" to the fact that it was aware that in a few days it would no longer be in office. He said he thought Senior Puigcerver would have done better to acknowledge frankly that this was the reason why no bills had been prepared. In the senate yesterday Count D'Almona again attacked the generals who were engaged in the war in Cuba. He complained that chests of gold, sent out to pay troops in Cuba, had been returned to Spain intact and unopened just as they had been sent out. In terms of special severity he criticized Captain Annon, the minister of marine.

Marshal Martinez De Campos defended General Linera, who was in command of the Spanish troops at Santiago at the capitulation against the charge of treason brought by Count D'Almona, adding that the latter would not dare repeat his charges outside the cortes.

BISHOPS WILL STAY

Commons Refuses to Remove Them From House of Lords.

London, Feb. 22.—By a vote of 200 against 129 the house rejected a motion to remove the bishops from the house of lords on the ground that their presence is incompatible with their religious duties.

The debate was notable for a remarkable proposal by Lord Salisbury's son, Lord Hugh Cecil, Conservative member for Greenwich, who, in a quaintly amusing speech, moved an amendment suggesting that instead of removing the bishops it would be preferable to create the great nonconformist preachers of the day, and make the house of lords more representative of the educated classes.

A. J. Balfour, the government leader, described Lord Cecil's proposal as "embarrassing and unconventional," and urged him to withdraw the amendment. The house was highly amused at the incident and the amendment was negatived without division.

WILD RUMORS

Afloat as to Doings of Bonapartists and Orleansists.

Paris, Feb. 22.—Wild rumors are afloat as to the doings and intentions of the Bonapartists and Orleansists preachers, but the general belief is that neither will do anything serious in the face of the general acquiescence in M. Loubet's election.

The message of the new president to parliament has greatly strengthened his position, the agitation fomented by Messrs. Coppe and Lemaire against him has incensed the moderate members of La Patrie Francaise and threatens to break up the organization.

M. Brunetiere and several other members have announced their secession from the league as a protest.

The township reform bill has passed both branches of the General Assembly and every member who failed to vote for it missed a mighty good opportunity to do a good turn by his people.

The public is under lasting obligations to those who have given so much time towards the success of the city library the past few years. "Show your appreciation by going to the opera house tonight."

At this time our attention is drawn towards our public library. We take pleasure in noting its growth the past few years. Our people owe much to those who have given so much of their time towards this praiseworthy enterprise. The hearty cooperation of our very efficient school board has indeed been valuable.

His Life was Saved.

Mr. J. E. Lilly, a prominent citizen of Hannibal, Mo., lately had a wonderful deliverance from a frightful death. In telling of it he says: "I was taken with typhoid fever, that ran into pneumonia. My lungs became hardened. I was so weak I couldn't even sit up in bed. Nothing helped me. I expected to soon die of consumption, when I heard of Dr. King's New Discovery. One bottle gave great relief. I continued to use it, and I am well and strong. I can't say too much in its praise." This marvelous medicine is the surest and quickest cure in the world for all throat and lung troubles. Regular sizes 50 cents and \$1. Trial bottles free at W. F. Peter's drug store; every bottle guaranteed.

From Mrs. Gunter to Mrs. Pinkham.

[LETTER TO MRS. PINKHAM NO. 76244]

"One year ago last June three doctors gave me up to die, and as I had at different times used your Vegetable Compound with good results, I had tried it again. I was apparently an invalid, was confined to my bed for ten weeks. (I believe my trouble was ulceration of womb)."

"After taking four bottles of the Compound and using some of the Liver Pills and Sanative Wash, at the end of two months I had greatly improved and weighed 155 pounds, when I never before weighed over 138. Lydia E. Pinkham's Vegetable Compound is the best medicine I ever used, and I recommend it to all my friends."—MRS. ANNA EVA GUNTER, HIGGINSVILLE, MO.

Mrs. Barnhart Enjoys Life Once More.

"DEAR MRS. PINKHAM—I have been sick ever since my marriage, seven years ago; have given birth to four children, and had two miscarriages. I had falling of womb, leucorrhoea, pains in back and legs; dyspepsia and a nervous trembling of the stomach. Now I have none of these troubles and can enjoy my life. Your medicine has worked wonders for me."—MRS. S. BARNHART, NEW CASTLE, PA.

Pleurisy

Pleurisy and pneumonia are frequently developed, in a very short space of time, from a common cold; and, if such an acute inflammation of the lungs is not promptly allayed, the worst may happen. With the aid of Dr. Bull's Cough Syrup, however, you need not have any fear; for this great remedy speedily subdues the inflammation, eases the pain in breathing and always effects a cure in a wonderfully short time.

Dr. Bull's Cough Syrup

Cures Pleurisy and Pneumonia. Doses are small and pleasant to take. Doctors recommend it. Price 25 cents.

HAD A CLOSE SHAVE

House Passed the Township Reform Measure by a Small Majority.

THE VOTE WAS 53 TO 40

Ten Republicans Were Against the Bill and Five Democrats Favored It—Two Bills Passed Over the Governor's Veto—Many Minor Bills Are Passed—General State News.

Indianapolis, Feb. 22.—[The house passed the senate bill to reform township government yesterday by a vote of 53 to 43, barely enough to carry it through. Ten Republicans voting against the measure and five Democrats voting for it. The bill as passed by the house was amended so that the membership of the township advisory board is three instead of five.

This is one of the principal bills of the county and township reform commission. It provides for a township advisory board who shall assume the more important duties now performed by the township trustee and leave the trustee hardly more than the one duty to execute their orders. The Democrats opposed the bill for two reasons, first that they had been shut off from taking any part in its amendment or discussion, and second that they did not think the bill contained any reform. As they had been shut off by the previous question they devoted their time in explaining their votes to informing the Republicans that if the law proved a failure the Republican party of Indiana would receive all the credit.

The house passed the bill providing that railroad companies in Indiana must sell 500-mile mileage books for \$10.

Both branches passed over the governor's veto the bill concerning the superior courts of Lake, Porter and Laporte counties, and the bill allowing cities and towns of less than 30,000 to condemn and purchase waterworks.

The house adopted the senate joint resolution to amend the constitution so that after the expiration of the appellate court the membership of the supreme court shall be 11 instead of five as at present.

The house passed the compromise state library bill, which has already passed the senate, creating a state library commission and providing for a system of township and travelling libraries.

The following bills passed the house: Requiring the recording of assignments of mortgages, prescribing the manner in which nominations to office shall be certified, by committee chairmen in districts, counties and townships; making dog stealing larceny, providing dog tax is paid; providing for the settlement of estate on wife or husband of insane person; allowing county commissioners to abolish the office of township librarian; providing that township trustees may furnish high school facilities for graduates of the common schools; authorizing townships to take stock in and vote financial aid to railroad companies proposing to operate in or through the township on sufficient petition, tax to be levied not to exceed 1 per cent of the taxable property.

The senate passed the bill requiring management of all state institutions to make annual reports to the state auditor, and one to reorganize the Indianapolis school board, and a large number of bills of minor importance.

SUPERINTENDENT HERT

Receives a Flattering Offer to Take Charge of Boston Almshouse.

Jeffersonville, Ind., Feb. 22.—Superintendent Hert of the reformatory has returned from Boston where he had been to consider an offer of the board of directors of the Boston almshouse. Mr. Hert has so far refused to make known his intentions in the matter, but it is believed if the legislature carries out its wishes as to improvements in the reformatory that he will remain with that institution. The Boston offer carries a salary of \$6,000 a year and a handsome and commodious residence.

WINE OF CARDUI

Woman Knows Woman.

ZENITH, KAN., Jan. 31. I used Wine of Cardui for nervousness and weakness in the womb. After taking one bottle I was well again. I am a midwife and always recommend Wine of Cardui to my lady friends during pregnancy and after birth as a tonic. Every lady who takes it finds that it does even more than is claimed for it. MRS. V. M. BOISVERT.

Wine of Cardui

Nobody knows woman like woman. Men go to medical colleges, study books and listen to lectures. They learn indirectly of the diseases of women, but they are men and can never fully understand the ailments, the sufferings, the agonies of mothers, wives and sisters. A woman knows. Mrs. Boisvert knows. She has passed through the trials and tribulations of her sex. She has been near by when her sisters suffered. She has seen them relieved and cured with Wine of Cardui. Is it any wonder she recommends it? Is it any wonder that thousands of other women recommend it. They know. They have actual experience to prompt them. They spread the tidings from mouth to mouth, telling how Wine of Cardui helps young girls, helps the weak of all ages, helps and cures all womanly ills.

HEALTH ORDER NO. 15.

Take Precautions Against the Spread of Small-Pox.

Small-pox is spreading throughout the world to an extent not equaled since 1893. There are hundreds of cases in the surrounding states, the disease now exists in eight counties in Indiana, and there are many centers of infection. There are also, very probably, many concealed and unrecognized cases. No county can reasonably expect to remain free from this loathsome disease as vaccination, our only sure protection, has been sadly neglected for a decade or more. The State Board therefore recommends vaccination and revaccination. Health officers shall publish this recommendation to the people and add their own advice to the same effect. Glycerinated lymph only should be used for vaccinating and the operation done in an aseptic manner. No untoward results will follow if this course is taken.

If small-pox appears, isolation, quarantine and vaccination of the afflicted and the exposed shall immediately follow. Guards shall be employed to maintain quarantine, and outside of cities and incorporated towns, township trustees shall furnish the needed supplies. Domestic quarantine should not be depended upon in cities and towns.

By order of the State Board of Health.

DR. H. JAMESON, Pres.

DR. J. N. HURTY, Secy.

Indianapolis, Feb. 16, 1899.

I hereby recommend the strict observance of the foregoing and solicit the cooperation of the several local Health Boards and physicians of this county. It is hereby made the duty of the several township trustees to furnish proper vaccinating material.

Getting Ready.

The citizens' meeting at Armory Hall last night was quite well attended. Order was called by Carl E. Wood and O. H. Montgomery was chosen chairman. In assuming the chair Mr. Montgomery stated that the object of the meeting was to perfect the organization which will have immediate charge of the county seat removal election forces. On motion a committee was appointed to report the several committees to the meeting. Such a committee was named and retired for about a half hour, when they returned and reported, which report was approved. Remarks were made by several of those present, which clearly indicated that no interest whatever has been lost in the removal question since the matter has been at issue in the courts.

Over the Governor's Veto.

The legislature passed two measures over the Governor's veto yesterday. One was the superior court bill for Porter, Lake and LaPorte counties and the other was the water works bill, which had its origin here. The latter bill was the one in which people of Seymour were especially interested, its purpose being to enable the city to purchase the waterworks plant. A number from here were at Indianapolis to urge the legislature to act promptly and, with the help of others interested in the passage of the bill, they accomplished what they went after. In the House the bill passed by a bare constitutional majority, 51 to 36, but in the Senate it had a safer majority. The passage of this measure gives the city a much better opportunity to negotiate with the owners of the waterworks plant with a view to purchasing same.

The curtain will raise at 8:15 tonight at the Charity Ball.

Bonds to be Refunded.

The Jeffersonville bond case has been adjusted yet there are evidences that new complications may arise. At the request of some Jeffersonville officials Hon. Louis Schneek withdrew his petition for rehearing in the supreme court. The report is that the \$87,000 worth of bonds are to be refunded at 3 1/2 per cent, to run twenty-five years. The original rate on the bonds was 7.3 per cent, which is evidence that the suit of Senator Schneek has not been in vain, for as a result Jeffersonville will be the gainer by a good many thousand dollars.

Ashbaugh, of Anderson.

There is more Catarrh in this section of the country than all other diseases put together and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease, and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven catarrh to be a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case fails to cure. Send for circulars and testimonials.

DR. BELL'S
Pine-Tar-Honey

Nature's most natural remedy, improved by science to a Pleasant, Permanent, Positive Cure for coughs, colds and all inflamed surfaces of the Lungs and Bronchial Tubes.

The sore, weary, cough-worn Lungs are exhilarated; the microbe-bearing mucous cut out; the cause of that tickling is removed, and the inflamed membranes are healed and soothed so that there is no inclination to cough.

SOLD BY ALL GOOD DRUGGISTS
Bottles Only. 25c., 50c. and \$1.00 Sizes

CHESTNUT RIDGE.
Mrs. Wm. Booth was resting a little better Sunday.
J. F. Pence shipped a car load of lumber last week.
Will Steach visited his relatives in Cortland Sunday.
Henry Wagoner is making repairs on the bridge west of the station.
Mrs. J. K. Lore is visiting her parents in Jennings county for a few weeks.
Miss Jennie Smith, who is attending school at Austin, was home over Sunday.
By a close observation we find that the peaches have been killed by the intense cold.
There will be preaching at the Disciples church Saturday night, Sunday and Sunday night.
Miss Lizzie Weathers, of Ewing, who has been visiting her sister, Mrs. Melly Ruddick, will return home this week.
Bert Davis has the frame work of his new barn up and awaiting the shipment of the siding which is to come from Chicago.
The prayer meeting was well attended on last Wednesday night. Everybody cordially invited to attend the prayer meetings.

The Chestnut Ridge stave and heading mill started up on Tuesday last. They have quite a lot of logs and blocks in the yards now.
Robbed the Grave.
A startling incident of which Mr. John Oliver of Philadelphia, was the subject is narrated by him as follows: "I was in a most dreadful condition. My skin was most yellow eyes sunken, tongue coated, pain continually in back and sides, no appetite gradually growing weaker day by day. Three physicians had given me up. Fortunately, a friend advised trying Electric Bitters and to my great joy and surprise, the first bottle made a decided improvement. I continued their use for three weeks, and am now a well man, I know they saved my life, and robbed the grave of another victim." No one should fail to try them. Only 50 cts per bottle at W. F. Peter's drug store.

OLDTOWN.
Look out for a wedding soon.
Aunt Margaret Henderson is improving.
H. H. Prince was home a part of last week.

The Falk and Cunningham saw mills are running this week.

CARMI, ILL.
Wheat so far is in good condition.
Mrs. O. H. Smith has been quite sick but is better now.
James Rich, of Jeffersonville, Ill., is visiting friends here.
G. W. Wheeler was at Crossville one day last week on business.
Mrs. Sarah Callicotte, of Epworth, was shopping in Carmi, Saturday.
Jacob Reedy, the Crossville grocer came to Carmi Thursday on business.
Frank Reedy is assisting his brother Jacob in his store at Crossville.
Mrs. Sarah Callicotte sold 40 acres of her farm to John Bosley. Price \$500.
Marion Wheeler made a trip to several towns in counties west of here last week selling sweet potatoes for Rudolph.
Ralph Steele, a former resident of old Salt Creek, is now in the merchandise business at Enterprise, Wayne county.
Our period of cold weather came to an end the first of last week. The thermometer registered as low as 20 degrees below zero. It is expected of course that peaches are killed.
We are sorry to note that Henry Ackerman has been in poor health for some time. A short time since he had a light stroke of paralysis affecting his right arm and side of face, so that in talking his articulation is very poor. We hope he will soon recover.

A wedding is on the tapis. Scan the correspondence page of the REPUBLICAN and you will know when it comes to pass, as come it will, for "the man in the moon" never fails to tell the truth to the "Egyptians" when he reveals his knowledge of such matters to them.
EX-SALTREEKER.
Chronic Nasal Catarrh poisons every breath that is drawn into the lungs. There is procurable from any druggist the remedy for the cure of this trouble. A small quantity of Ely's Cream Balm placed into the nostrils spreads over an inflamed and angry surface, relieving immediately the painful inflammation, cleanses, heals and cures. A cold in the head vanishes immediately. Sold by druggists or will be mailed for 50 cents by Ely Brothers, 56 Warren Street, New York.

An Important Question.
If your friends or neighbors are suffering from coughs, colds, sore throat, or any throat or lung disease (including consumption), ask them if they have ever used Otto's Cure. This famous German remedy is having a large sale here and is performing some wonderful cures of throat and lung diseases. No matter what other medicines have failed to do, try Otto's Cure. Large sizes 25c and 50c. Sold by all druggists.

DO NOT GET THE WRONG IMPRESSION
Read This Carefully.
Do not get the wrong impression of proprietary medicines. Because you have been cheated by buying them in the past, you must not think that they are all alike, for they are not. There are many preparations on the market that equal or exceed anything that physicians have prescribed. There are some, however, that are frauds, and the manufacturers should be punished for degrading innocent purchasers. However, because you have been defrauded in the past, is no reason why you should look upon every medicine as a fraud. Tomorrow's Kid-noids are purely and wholly a scientific preparation and have been severely tested. They are not some mixture or concoction of those who know nothing of drugs and their strength nor by some grandiose or antique took a handful of this and a pinch of that and boiled it up and soaked it in whisky and called it a great cure. Tomorrow's Kid-noids are carefully made of the purest drugs and compounds to be had. Then they are placed in small wood boxes so there is no danger of breakage in carrying or shipping. They are made into small Yellow Tablets (not pills) which make them easy to take, without stopping in the throat. They cure the worst forms of kidney disease if persistently in using the medicine is followed. We guarantee this with a money offer of Fifty Dollars for a case we cannot cure, where the directions are strictly followed. We have hundreds upon hundreds of statements for publication that are given in this state alone. Those statements should inspire confidence in the most skeptical, for people do not give their names to be used at home unless they are true. "For the sake of suffering humanity," Alonzo Knowles of Despot and Third streets, Madison, Ind., who is fireman in the Towel Manufacturing Co.'s Cooper Shop, "I am only too glad to give my statement for publication, so that others may be cured of this terrible kidney complaint. Do not experiment any longer but use Tomorrow's Kid-noids as I did. I had suffered two years with sharp, shooting pains in my back and kidneys. I had urinary disorder and was very nervous, but Kid-noids cured it all. Alpha Cox, the druggist, sells Kid-noids at fifty cents a box, six boxes for \$2.50. Take no substitute. Manufactured by John Morrow & Co., Chemists, Springfield, Ohio."

Bert Haslam and Neity Helms were united in marriage Tuesday, Feb. 14.
There were four applicants that tried the questions for graduation here Saturday.
Elder Thomas Jones will preach at the Christian church here the first Sunday in March.
Dr. Cummings, C. W. Thompson, H. M. Lutes and Dr. G. W. Gibson were at Seymour last Tuesday on business.
The town school closed last Friday. Ray Anthony, the teacher, had prepared a good program and after the large crowd had eaten of the dinner prepared by the good women of the district, they presented him with a fine quilt which they think he will soon need.

Grain-O Brings Relief.
to the coffee drinker. Coffee drinking is a habit that is universally indulged in and almost as universally injurious. Have you tried Grain-O? It is almost like coffee but the effects are just the opposite. Coffee upsets the stomach, ruins the digestion, effects the heart and disturbs the whole nervous system. Grain-O tones up the stomach, aids digestion and strengthens the nerves. There is nothing but nourishment in Grain-O. It can't be otherwise. 15 and 25c. per package.

HONEYTOWN.
Lemuel Truelock visited Criss Linch's family last Sunday.
